S's staff told me that DHS will receive the signed letter this morning. But to help you complete your own processes in reliance on what's coming, I have attached the final versions we sent to S, which are substantively the same as the versions you've seen already.

What is the deadline for Nepal? When I reviewed the spreadsheet that was shared with me it didn't seem to be coming soon.

I just asked S's staff about the status of these 3 letters. They know Cameroon in particular is urgent. I wager it will be complete and ready for DHS tonight or early tomorrow.

Lew, please advise on the status of the 3 letters you mentioned on April 3. Is Secretary Rubio also considering issuing one for Nepal? Secretary Noem must decide TPS Nepal by April 25.

It seems to me and to others at State that permitting the aliens from these three countries to remain temporarily in the United States is contrary to the national interest of the United States. Is that everyone else's sense too at this point?

Good morning! Flagging that PRM has received requests from USCIS for TPS country condition reports on Honduras and Haiti – the latter by Friday. Our team is taking no action but wanted to pass along that State's position on these might be needed soon.

I'm told, but don't know for certain, that State provided a report for Nicaragua under the previous administration on December 31, 2024. Nicaragua's TPS designation expires the same day as Honduras (July 5, 2025), so if we wanted to provide an updated position on Nicaragua to DHS it would probably need to go soon.

Best,
Adam

I can look into that: can you please send me the document you have from DOS that was sent in November? I haven't received that from our own team yet.
